NOTES FROM WEARDALE.

[By "STANHOPE".]

Stanhope flower show was in luck this year. Out of a regular wet week the day was exceptionally fine. It rained until late on the Friday evening and again on Monday, while the flower show day was one of the finest of the season.

All went off well. The music was good, the show of flowers, and sports especially, the spar boxes from Upper Weardale were greatly admired, as was also Mr Walker's new crane. The "Theatricals" were good, as was also the oricketing, and on the whole all went off with gusto.

Two fun dashes arrived the other day at Watterley reservoir to allure from the limpid waters the spotted trout. They fished hard, but the fisher-lads had "bait" more trout, and considerably larger than a minnow. Two anglers also went, and they were not so successful, and killed twenty seven. The
