A WORD ABOUT INDIAN TEA.

INDIAN tea, capital and industry have made India the First Tea Garden in the World, and now the
British Tea Planting Company of Calcutta have become the great competitors of the Chinese Empire, for
years the Old People have said they could not get the Strong Fine Tea of the Olden Times. It is clear to us
people that the Tea Plantations of India have become exhausted, or that the strongest desire of the
people is to give quantity rather than quality. It is plain to the most superficial observer,
people that the Tea Plantations of India have become exhausted, or that the strongest desire of the
people is to give quantity rather than quality. It is plain to the most superficial observer,

RAILWAY COLLISION.

which was attended by some persons, occurred on Monday evening, at 10.15, on the Great Northern line, between the goods and passenger trains, at the junction of the line from London to the north, and the line from London to the south. The passenger train, which was carrying a large number of passengers, was proceeding from London to the north, and the goods train, which was carrying a large number of goods, was proceeding from London to the south. The collision occurred at the junction of the two lines, and the passenger train was derailed and the goods train was damaged. The cause of the collision was the failure of the signalman to stop the passenger train before it reached the junction. The signalman was charged with negligence, and the railway company was held liable for the damage done to the passenger train.

FIRE AT WAKEFIELD.

During a fire broke out in the morning at the Wakefield Company, in the town of Wakefield, Yorkshire. The fire was caused by a gas lamp which had been left burning in a room which was not used for some time. The fire spread very rapidly, and the building was completely destroyed. The loss was estimated at £10,000. The fire was extinguished by the fire engine which was sent for at once. The cause of the fire was the failure of the gas lamp to be properly extinguished. The Wakefield Company was held liable for the damage done to the building.

WIFE MURDER AT LEIGH.

At the Magistrate's Clerk's Office, named John Clarke, of Bradshaw, charged with the murder of his wife, Mary Clarke, at Leigh, on the 1st of July, 1872. The charge was based on the evidence of the coroner, who had held an inquest on the body of the deceased. The evidence showed that the wife had been found dead in a room in the house of the defendant. The coroner had found that the wife had been murdered, and that the defendant was the person who had committed the murder. The defendant was charged with the murder, and the case was sent to the Assizes for trial.

AL WRESTLE BETWEEN BROTHERS.

Police Court, on Monday, Henry and John, the two brothers, who were charged with the murder of their brother, John, at Leigh, on the 1st of July, 1872. The charge was based on the evidence of the coroner, who had held an inquest on the body of the deceased. The evidence showed that the brother had been found dead in a room in the house of the defendant. The coroner had found that the brother had been murdered, and that the defendant was the person who had committed the murder. The defendant was charged with the murder, and the case was sent to the Assizes for trial.

ACCIDENT AT WATKINS.

On Sunday, a collision occurred between a passenger train and a goods train, at the station of Watkins. The passenger train, which was carrying a large number of passengers, was proceeding from London to the north, and the goods train, which was carrying a large number of goods, was proceeding from London to the south. The collision occurred at the station, and the passenger train was derailed and the goods train was damaged. The cause of the collision was the failure of the signalman to stop the passenger train before it reached the station. The signalman was charged with negligence, and the railway company was held liable for the damage done to the passenger train.

STOCKTON AND DARLINGTON RAILWAY.

On Sunday, a collision occurred between a passenger train and a goods train, at the station of Stockton and Darlington. The passenger train, which was carrying a large number of passengers, was proceeding from London to the north, and the goods train, which was carrying a large number of goods, was proceeding from London to the south. The collision occurred at the station, and the passenger train was derailed and the goods train was damaged. The cause of the collision was the failure of the signalman to stop the passenger train before it reached the station. The signalman was charged with negligence, and the railway company was held liable for the damage done to the passenger train.
