

CHRISTMAS IN THE OLDEN TIME.

through smoking too great a quantity. In some of the log was bandaged nine times round, and, as the bandage was burnt off, it was usual to band round

No chirp of bee, enough to make
The tallest yeoman's spine to crack;
No babbler humming in the hall;
Nor voice of housekeeping at all;
Nor sign by which it may be told
That house was once inhabited."

Mr. Alexander Graham Bell had been expected

The shipments of coal to North America during month from the various ports in the kingdom amount 17,912 tons, being an increase of 2,503 tons over corresponding month of last year.

the words of that high professional authority, the *British Medical Journal*—"Dr. de Jongh's Cod Liver Oil has a strong claim on the encouragement of the Profession and the public, who are certainly much interested in obtaining a purer article than those which are now so marvellously cheap in the market."

Christmas time has been maintained among

numerous company sat down to tea, and after an interesting meeting was held, at which address was delivered by the Revs. Dr. Bruce, R. Dr. Robbison, A. Reid, Carr, Wallace, and P. Bruce, Esq., London; and John Williams Glasgow. The meeting was enlivened at in-
