It is almost impossible for some of the members to tell (Lippincott). He himself was a member of the "Baltimore Club," and he had much to do with the place, and therefore thought it best for him to get into it to conduct the business. He said that he had been in the club for a number of years, and that he had seen many of the men who were in the club at the time of the meeting. He said that he had seen many of the men who were in the club at the time of the meeting.

TO CORRESPONDENTS.

[illegible]

Laughter and applause. His idea was to give time and money without any return.

He will quite agree with the Chairman's remarks, and initiated a new scheme for distributing and collecting fire. (Laughter, How much?)

He said he had always received a great deal of courtesy from the Chairman.

What they did in thinking to do well, and to give pleasure to the children and the subjects.

(Applause)

Mr. Chairman gave "The health of the people" and had always found them very good. He said that the Chairman had been a great deal of help to him in the past, and might the Chairman be able to bring something similar to this, and to the people.

He would like to attend the meetings, and could not go everywhere. He trusted the Chairman would be able to do so, and the society, and that it would go on and flourish. The last was mutually honored.

THE RECENT ELECTIONS.

recent elections for Parish Councilors, and District Councilors, which have just taken place, we are glad to observe, resulted in the election of an excellent gentleman who has spent much time in transacting public business in the district, and who is thus well qualified to discharge the duties of the office. The work of the various bodies on which they have labored. It is to be hoped that the gentlemen elected to the Board of Guardians, and the Board of Health, will be men who have seen some service on the Board of Guardians, or as members of the Board of Health, and who are conversant with the duties of the various bodies, and we feel sure that under his general supervision, and the assistance of the various officers, the Board will be able to discharge their duties as an apprenticeship on Local Board and understand well the requirements of the various bodies. The Board of Guardians of the District is to be settled on Monday evening, and we hope to see a gentleman elected to the office of Chairman of the Board of Guardians.

In its first meeting of this Council was held on Thursday evening at the Public Offices of the South Division, Shotley Bridge. The Councillors present were—Jas. Annandale, J. P.; L. A. R. Keesle, J. P.; Wm. Annandale, J. P.; E. S. Jones, C. Parsely, J. Haysler, Telford, W. M. Annandale, the Clerk (Mr John Wilson).

SIGNING THE DECLARATION.

The Clerk had read over the names of the electors at the recent election; the number of votes they received at the recent election; the Councillors signed Declaration prior to taking his seat.

As being done, Coun. WREATHLY moved that Mr Annandale should be appointed chairman pro tempore.

Coun. was seconded by Coun. SLOGER, and unanimously agreed.

ELECTION OF CHAIRMAN.

COUN. ANNANDALE stated that he felt inclined to do so.

[illegible]

Father proposed "The Vice-Chairman," who would preside in a satisfactory manner in which he had been elected by the members of the association. The Vice-Chairman was sorry he had not been able to attend most committee meetings, but would do his best to make up for it. He was very glad to meet them all, and hoped to meet them many more times. He promised to do his utmost to further the interests of the association.

He said that he was not sure of the feelings of the members from their minds, because they were not sure, if they elected Con. Lat to the post. He said that Con. Lat would be a good chairman. in the way of opening this sale of work, I have been thinking on the side of the 10
denominations, has a wonderful effect, in 11
in increasing the tolerance of the opinions 12
around us, but in the interest of sym- 13
pathy with Christian work I should 14
not be called. It is right that it should 15
be called. I have been thinking of the 16
old Psalm, which tells us, "It is good and 17
right for brethren to dwell together in 18
unity." But we are not to dwell in unity 19
with evil and contentment with things foreign 20
our nature if the word "Presbyterianism" 21
breaks down our hearts and minds, and did we cease 22
to care ourselves in the welfare of any Church 23
but our own, we would be untrue to the 24
purpose of the word. I think it is right 25
to hear of the good this Mission has already 26
accomplished, and I heartily wish it every 27
year more and more to be successful in 28
its spiritual. I may add every hope that is 29
so good in temporal matters. Money is all 30

of an individual, and I hold that debt is as binding to the race as to the person. (Tiffler, *et al.* vs. *et al.*) I have sympathy for the oppressed, but I must meet honestly all expenses that they are forced to bear, and clear the air of the debt. I hope the report of this sale will be muchly satisfactory to the ample support of all your labors in connection therewith. I much pleasure in declaring this state of work and affairs of the church, and the success of the reclamation of Mr. F. T. Castle, seconded by Mr. R. Wood. A hearty vote of thanks was given to the ladies for their extremely kind and very sympathetic aid.

The schools and various staff presented a gay and brilliant appearance, and a large attendance of the public. Many strangers were present at the assembly and much enthusiasm prevailed. The proceeds of the sale of the property of the full \$240 will be realized by the sales which will take place on the Christmas tree, draughts, and the sale of the property of the church. Mr. FRIEDMAN thought the sub-committee had worked together as a peaceable body, all the members being present at every meeting. (Applause.) Alluding to the committee, he was of opinion that they should not shrink to shoulder if they wanted to keep the peace moving on, and not have some coming in only once or three meetings. If they wanted to make the association a success, they must put men on the committee who were willing to work. (Applause.)

the ladies and gentlemen who presided at the tea stalls, and carried out the arrangements of the day, are to be highly congratulated on the splendid success of the sale, which was quite a stupendous effort on the part of the congregation, and the last three months to raise funds to go on with the work of the mission commenced April last, by the Rev.
