FELTON.

The 7th annual exhibition of the Felton Fowl District Society, held at the Casino Hotel, was held in the Co-operative Hall, West Pelton. Entries were of a very excellent sort. The judges—Poultry, G. Hall; rabbits and calves, M. Cullen. Satisfaction seemed to be fairly well met with by the exhibitors, and credit was therefor presenting to the public such a grand display.

LANCHESTER.

CHICKEN CLEFT HALL.—The annual ball in connection with Lanchester Cricket Club was held Tuesday evening, in the National Schools, Lanter, which had been nicely decorated for the occasion. Excellent music was discoursed by Messrs. A. C. Jones and J. W. S. Jones.

Messrs J. Nisbet, and C. Atkin, Mr. G. W. Williams acting as hon. sec. About 60 couples were present, considering the stormy weather, much

**DEATH OF AN OLD STANDARD
GRANGE VILLA.**

It is with regret that we have to announce the death of one of our standard residents at Grange Villa, Matthew Lish. He has been under the management of the P. & N. Company for over 50 years. He has held the post of engine-driver along Pelton Level for a number of years past, which makes him a well-known man about the surrounding district. His funeral took place on Saturday, when a good number of fellow-workmen paid their last mark of respect to a deceased gentleman. He has been a well-respected and his loss will be lamented.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page shows the binding structure, including what appears to be stitching or staples. There is no text or other markings on the page.

Senior Branch.—The annual meeting of the Senior Branch of the West Stanley Tradesmen's Association was held in the hall of the Holborn on Thursday the 24th inst., at the Rector presiding. A vote of thanks was accorded to the Rector for his ever-ready kindness in providing the members and their friends with tea previous to the meeting. The Rector's report which showed an increase in the membership for the year having been read and approved, the Rector then introduced the Vicar of Stanley who delivered an interesting address in which he showed how long the village of Stanley had been a place of pilgrimage where men might when concentrated be the means of bringing about the redemption of the world. Thanks to the lecturer which was carried unanimously.

is a very graceful, as well as a very thoughtful person by conferring upon two of his judges the honor of knighthood," Mr. Hobson said.

If Rutherford—the bonhomie ex-officio Guardian—has anything to say about it, there will be no more such honors.

There is always a considerable amount of risk in connection with our periodical elections, and it is written in the book of fate that the result of the election this noon is not always to the swift.

The fact that the "Gleaner" has been at the same time a record breaker and a record breaker in circulation finds a corresponding outlet in the common saying that "there is many a slip 'twixt the cup and the lip." In fact, no man can be any very certain of his own success until he has won the competitive election, and hence it is not surprising to explain as a plebeian that the most worthy men are not always come to the front. The motto which governs the unpolished lions had no mean significance.

"The sleek multitude, like the straw that floats along the stream,
Glides with the current still."

SHOCKING RAILWAY FATALITY

On Monday morning a shocking smash-up occurred on the Edinburgh branch of the North Eastern Railway, near Dalkeith, at 10.15 a.m. A motor car, carrying 12 passengers, was being driven by a driver, and was proceeding in the direction of Edinburgh. It was travelling at a speed of 15 m.p.h. when it was struck by a passenger train which was in the same direction on the parallel track. The motor car was thrown into the air and fell on to the passenger train. The driver was killed instantly and the passengers were injured. The train was stopped at the next station and the driver was taken to the hospital. The train was then taken to the next station and the driver was taken to the hospital. The train was then taken to the next station and the driver was taken to the hospital.

On examining the pockets, the officer found a purse containing three rawn tickets bearing the name of

the contest that I propose are as follows:—that the doctor and one of my assistants visit the afflicted towns of the kingdom every fortnight, for

those. Those who prefer HANDY'S RHEUMATIC CURE should get it, and those who desire doctors' medicine should get that. But if you are in one of the different towns at the end of twelve miles and have no doctor, you should get the medicine extracted by G. Handy, or the doctors' medicine by the best, and the winter to come by the ELIXIR.

HANDY'S RHEUMATIC CURE does not contain any dangerous drugs. It is safe according to the directions. 20,000 people have been cured of Rheumatism, Gout, and 99 out of every 100 cases of Rheumatism have been cured. If your Rheumatism have failed, because they did not get the medicine, you should get the medicine from the community with Mr. Handy.

DR. H. G. HANDY'S medicine is prepared by G. Handy, and is a safe medicine. It is a safe medicine, and a healthy body is not under Indigestion, Sleeplessness, and other diseases. who dislike to get unpleasant medicine should take the PILLS prepared by G. Handy. The medicine of his preparations contain any medicine, and it is a safe medicine. It is a safe medicine, and a healthy body is not under Indigestion, Sleeplessness, and other diseases. It is a safe medicine, and a healthy body is not under Indigestion, Sleeplessness, and other diseases.

Yours medicine do. You have never seen great

with discoloured and rotted away. If it will rot and destroy ivory teeth it is no wonder it des-

presses the stomach, and when the stomach is disordered the body and heart are weakened, and consequently the mind is affected. The faculties of Memory, Reason of Spirits, and all other faculties consequently arise. They are sent out in the form of vapors, and are the cause of all diseases. The vapors should not be taken if the large box will readily receive the towels. After medicines do good for a short time, they make you worse than ever, until they injure the liver and the kidneys. You are bound to continue taking them, making you sicker when you first take them and worse after, until you are cured. The PILLS prepared by G. Handyman. They are good by building up the body and improving the circulation of the blood. The vapors from the large box does not purge. That is their great value. They improve the digestion, and put your bowels in a natural state. Some people are surprised to find so much benefit from such small pills but if it contains what the body needs the good is often astonishing. I know a person who has taken the PILLS and is cured.

near Berwick-on-Tweed, after the best doctors in the kingdom had failed to do good, and he laughed

continually when Mr. Wright gave him three small bottles. He had to take three drops out of one bottle three times a day, and three drops out of another before going to bed, and in twenty-four hours he was as well as usual. He says he has never been so comfortable since; and that the people say about the medicine, "I never saw G. Handyside have a place of business, but these who cannot go and receive a testimonial from him, please to send me a receipt containing lessons from these PILLS:—"

20. Colleton Place, Newcastle.
 Mr. G. HANDYSIDE,
 Dear Sir.—I have taken doctor's pills for 3 years for Costiveness and Indigestion, and Severe Headaches. Two pills at first would move my bowels, and after a while I had to take more, till I was obliged to take eight pills before they were effective. I took your MILD PILLS and they have perfectly cured me of Costiveness and Indigestion. It is now 12 days since I have taken one of your PILLS, and I am quite well. I take them occasionally when

not of order, but six or eight months will elapse before I need them. I have got half of the box of PILLS that I got from you there were one left

The above gentleman had naturally a robust constitution, but the continual taking of doctors' pills had so weakened his system that he was unable to move unless he was supported by a cane. His bowels moved only once a week, and he was unable to eat anything but the lowest when he first commenced to take the pills, until they destroyed his digestion so much that he required to take eight pills before they would move him. He was unable to walk, and his mind was wandering, and in robust health. It is marvellous how good that all these medicines do. The reason is because they are all made of the same thing, a highly concentrated vegetable extract and they build up the body by their nutritive properties, and a strong body has the power to throw off all the poisons that are in the system. All the above prescriptions contain poison; and the doctors in the next generation will condemn poisons as much as we do now. I have known a man who has been so weakly practiced twenty years ago. A novel medicine for strengthening the body by taking away that which is doing it harm, and to build it up. Price, 25c. for two bottles.

Write to G. Handyside, 12, Bentinck Crescent, Newcastle. They will be sent, carriage paid, with

note enclosing stating that if you consider we have been doing more good than all the medicine you have taken, the money will be returned.
