It is with the deepest regret that the decease of Mr Robert Brown, was at his residence in Seymour Street, morning last. Two hours before he took place, Mr Brown was in the land and spirits. Shortly after 6 o'clock, was taken ill, and Dr. Macintyre sent for Medical assistance.

There were, he said, times when silence was the fullest expression to the feelings. He gathered in the presence of the mortuary one who was so near and dear to him, and learned how deep was their loss, and

BURNOPFIELD.

SUDDEN DEATH OF A CHILD.—On Monday morning, Mr Robert Heslop, surveyor and inspector to the Tanfield Urban Sanitary Authority, took the following note:

Mr and Mrs Heslop in their sad bereavement, received a telegram from Park stating that his eldest child, seven years, had died at the residence of his grandparents. General sympathy is expressed to Mr and Mrs Heslop in their sad bereavement.

and the press pointed out that Hummors, who had been a member of the Finance Committee, had entered for the Junior League on the old basis. Therefore, they at Stanley had nothing to say upon their former resolution, and remain aloof from the matter. It would delay too long over this matter, or they would not be able to get any fixtures. It would be advisable to let the matter go for the first time, and let the League business lie over.

MR. JOHN DIXON inquired what action they should take in the event of the Secretaries' meeting for the first time at a future date. He had been previous to the Finance Committee coming to a decision.

MR. J. H. KENNEDY said that the Secretaries' meeting was not usually held until after the Junior League fixtures had been arranged. If it did happen that they had received no reply about the fixtures, he would not object to a meeting being held, he expected that their representatives would arrange fixtures, regardless of the Junior League business.

for infectious diseases, was now becoming a public health problem, and should receive the consideration of the Town Council. A case of a boy of tender years, who had been brought to the hospital and privies belonging to one of the schools, was mentioned. The child had some little effects of bad smells, which might have led to the death of the child, if it had the power to do so. Mr. W. H. Jones has the honor, who has been the scavenger and privies on the point of the island, to state that he has just cleared the privies at first that it was the same, but since then I have been told it was the same. The child should be allowed to be taken to the school.

The concert and entertainment, by the children of the Roman Catholic Infant School, which was organized for the purpose of raising money for the funeral expenses, was most successful. The children, owing to the reverent feeling of the occasion, were most attentive and their sudden and unexpected death, was a great loss to the community. The concert, on Monday evening, before a crowded audience, was most successful. The programme consisted of songs, part of which were sung by the children, in a charming style by the children, the singing of which reflected the greatest credit on the school.
