Far and wide the reputation of Cocoa has spread by the simple force of its extraordinary results. Medical men of all shades have agreed in recommending it as the safest and most beneficial article of diet for persons of weak constitutions. This superiority of a particular mode of preparation over all others is a remarkable proof that results to be obtained from little causes require thorough knowledge of the natural laws which govern the operations of life.

It was resolved that Mr. John Buckham be added to the committee appointed to consider the vagrancy, the present dietary of the paupers, and the stations the relieving officers.

Mr. CALVERT brought forward his motion for the appointment of a removal officer, but after discussion was resolved not to appoint one.

THE NEW WORKHOUSE.

The Workhouse Committee reported that they had selected the land and house thereon, and recommended that the same be purchased by the Corporation.

THE FINANCE COMMITTEE
examined and ordered accounts to the amount of £44

ATTEMPTED MURDER.—An inexplicable case of attempted murder has just been investigated by county magistrates at Southampton. They committed the accused, a man named Morris, for the county gaol, but prison will be nothing strange to him, for he has been twenty times tried by jury for murder, and thirty times in prison, and still he is not hanged.

Being abroad when discharged, he was sent and arrived at Southampton on Saturday last. A staff sergeant received him, but he became so mate on finding that his papers were not forthcoming—they were sent by post by the same steamer that the sergeant handed him over to a messenger.

on account of his running away, and declaring he would not stop there, placed him in a ward allotted to convalescent lunatics, and directed men to see that he did not run away. He became much annoyed at having to give up his bundle, repeatedly complained to the attendants that he was not at once discharged. During Sunday he
