

It is stated that, whereas in England the cost of a patent amount in the end to nearly two hundred pounds, the expense in America is only twelve.

Damaged corn is exceedingly injurious as food for horses, because it brings on inflammation of the bowels and other diseases.

Prior to 1836 the largest ships afloat were of 800 or 900 tons burden and about 220-horse power; at present a vessel is building for the Italian Navy of 3,200 tons burden and 16,000-horse power.
