George: I hold the general Council should have a voice in the matter, and this work should be done by the Council.

Mr. George: The contract was let, and the money expended without the Council having a voice in the matter.

The Chairman: It was only an extension of the Council's duty, for it was granted that it was the wish of the Council to have the building put on an outlay, and that the present lamplighter should be retained.

After further discussion, Mr. Cooke seconded a motion which was carried.

Resolved, That the House Warden.

Mr. Pearson said they would require a store-house so as to store the lamps and the other paraphernalia of the house, and that the Council would make that a store-house be erected as near the Cottage.

This was seconded by Mr. George.

It was further decided that the matter should be left in the hands of the General Purpose Committee, and that the plans prepared, and also to negotiate for a site.

The Election.

Chapwell School Board.

The Chairman stated that the Board had come to an unanimous agreement with Mr. Richardson that the school should not be closed for a week against the school site. Mr. Richardson, had kindly consented to build so that the front view of the school would be improved.

A Teacher's Complaint.

Miss McCollum, on drawing the attention of the Board to the fact that she had had 24 written of absentee charts on desk-making during the year, the principal, the headmaster, explained that the charts were some which Miss. McCollum used in teaching desk-making, and if the chart had been used in the classroom, it would have been destroyed.

The Board therefore left the matter in the hands of Mr. Coulson to explain that the Board could not make it more.

A Letter from Hamsterley.

The children from Blackhall Mill, at the school was very unsatisfactory, and adding the fact that the majority had been attended to some months ago.

Mr. Richardson asked why the Hamsterley House was not mentioned in the matter, if some of the boys? (Hear, hear.)

The Chairman remarked that the town of Hamsterley was a very small place, and he had looked into the matter a few months back, and he found that the average attendance of their children was about 100. He was not sure that the children from those who attended the school from Hamsterley House were not included in the figures.

The Clerk: We have told them so several times.

A letter was read from the Education Department asking for plans of the new buildings which the Board had agreed to build.

It was decided that the letter should lie in the building committee's hands.

They also wished for a ground plan of the building. This was dealt with in the same way.

The Teaching Staff.

A letter was read from the Education Department

A Resignation.—The Board, under the leadership of Mr. Pearson, tendered its resignation, on the ground of ill-health. The resignation was accepted, the Board expressing the regret that the cause was not more serious. It also decided to write to Miss Scott, Gateshead, asking her to accept the position.

Mr. Pearson then informed that the Board would do everything they possibly could to help her to leave as early as possible.
