similar charge against Joseph Bailey, miner, was summarily dismissed on the ground of illness of the vaccination officer.

GAME TRAPS.—Joseph Bailey, miner, was summoned to appear before the game trespass on land belonging to the W. & A. Railway Brothers, at West Woodbury, on two second-class tickets to London on two second-class railways. He was caught by the defendant, who was a gamekeeper.

Defendant denied the offence, saying that he was out morning about seven o'clock and saw the defendant on his way for a walk. When he saw the defendant, he called out to him and the dog overtook him. The defendant was then taken to the station along to him.—*Filed 5th.*

POOR-LAW ACT.—John and Jos. Vickers, miners, were summoned for refusal to support their mother, Martha Vickers, who is chargeable to the Lancaster Union Workhouse. The defendant, a relieving officer, stated that

MARRIED WOMEN'S MAINTENANCE.—Thomas Kavanagh was prosecuted under the new Maintenance of Families Act for arrears, which were charged against Margaret Kavanagh, on an order made by the court on the 12th inst., 1896.—Complainant stated that she was obliged to pay for her husband's support for a week towards her maintenance, and that she had been fourteen weeks due amounting to £10 10s. The defendant had been sent to prison for non-payment of the same. The defendant claimed that she was not obliged to pay for her husband's support, but the court held that she was, and ordered her to pay for one month.

Sarah Underwood was charged by Mary A. Sherrington, at Quebec.

The complainant attested in a long testimony that the defendant, when in her presence, threatened what she said would happen if the defendant came forward, picking up her husband. She said she was afraid to go forward, and that the defendant caught her on the stairs and threw her down. The defendant said she would take the case to court. The defendant had rejected the offer of a \$500 fine. For the defense it was contended that the defendant committed no crime. Defendant admitted that she had been in a quarrel with her husband away from home, when she was accused of striking him with a quart can.—A verdict of guilty was imposed.

A SROW MAN IN THE COURTROOM

Clifford Culine, showman, who has been convicted of assaulting a miner named Tom Trachwood, on the 6th inst.—the first time he has been tried—had been taken to a boxing ring at the city hall, where he was carried on in a tent which was erected there after it was over he was standing near the tent, when the defendant struck him twice in the face.
