ANFIELD SCHOOL BOARD.

boiling water, has the consistency of tea, of which it is now beneficially taking the place with many. Its active principle being a gentle nerve stimulant, dispenses the needed energy without unduly exciting the system. Sold only in packets and tins, by Grocers, labeled "James Espey and Co., Ltd., Homoeopathic Chemists, London."

...the report from the Tanfield Lea infants' school, reported that the examination of the art class which had been held since October, took place on May 1st. At the class had been an average attendance of 20 in subjects. The majority of the students teachers. The average attendance for the school year, April 20th, was 154.
