**FOR STRENGTHENING THE NERVES, AND
PURIFYING THE BLOOD.**

Patronised by some of the highest of the Nobility.
This preparation is pronounced by the most eminent members of the Medical Profession to be unequalled for its power in replenishing the vitality of the body, by its supplying all the essential constituents of the blood and nerve substance, and in restoring all the powers and functions of the system to

It is agreeable to the palate, and innocent in its action, while retaining all its extraordinary properties, and as a specific, surpassing all the known therapeutic agents of the day for the speed and

Shortness of breath, the premature loss of vitality and all morbid conditions of the system. The *Vital Restorative* is two-fold in its action. On the one hand it increases the principle which constitutes nervous energy, and on the other the most powerful principle of life and flesh generating agent known; therefore, it breaks down conditions of debility and restores the system to its normal state. It quickly improves the function of assimilation to such a degree that, where for years an emaciated, anaemic, and cadaverous and semi-vital condition has existed, the system will rapidly increase in vitality and vigor, and the system will be restored to a near state of health.

The *Vital Restorative* acts electrically upon the organism; for instance, it assists nature to generate electricity, which electricity which renews and rebuilds the system, muscular system, nervous system, and all systems. It operates upon the system without exciting car or thought upon the individual as to the process. It moves the lungs, liver, or

This *Vital Restorative* gives back to the human structure in a suitable form, the phosphoric or animating element which life which has been wasted, and exerts its influence directly on the system of the nervous system, of the muscular, and invigorating character, maintaining the buoyant energy of the brain and muscular system which renders the mind cheerful, brilliant and energetic, and overcoming that dull, inactive disposition, which may be the result of all their actions.

The beneficial effects of the *Restorative* are frequently shown from the first day of its administration, by a remarkable increase of nervous power, and the system commences to function with more vigor. The appetite has long been unaccountably impaired; the appetite increases wonderfully, the bowels become regular; the eyes brighten; the skin becomes healthy; and the hair acquires its natural color and brilliancy on the crown of the head.

Finally, the *Vital Restorative* maintains a certain degree of its activity in the previously debilitated nervous system, and enables all debilitated organs to perform their normal sound functions. Persons suffering from Nervous Debility, or any of the hundred symptoms which this distressing disease assumes, may rest assured of this, and even speedily cure by the judicious use of this invaluable remedy.

This medicine is extensively used in the Army, and in very general use in Hospitals and Public Sanitary Institutions throughout the land, as well as in private practice and is considered as the most reliable remedy.
