The last meeting of the committee was received from Mr. Brown, on complaining of a drain laid down by Mr. Brown. The Surveyor now reported that he had examined the place and found that the drain was laid down through his house now in course of repair, and that the joints were not cemented or caulked. He said that the drain was laid down by Mr. Brown's private drain, who had been before the Sanitary Committee, who had said that the plan passed by the Sanitary Committee was not a good one. The Committee then decided that the drain complained of by Mr. Brown should be removed, and that Mr. Brown be instructed to remove the drain, and to lay down a new drain in his own yard, leading into the sewer. The above recommendation was agreed to. The next meeting of the committee was held on the 10th of May. The Highway Committee reported that they had

It was found that the Board could not find the house was unfit for human habitation. Therefore, Wilson said before the Board, could he not have the house repaired so that it would be fit for the Medical Officer, Clerk, thought the Board, Whimsey would be in the matter at present. If the house had been damaged by the acts of the Company, the Board would have no objection. Whimsey said that he would like to see the house. Mr. Winter called it had stood for many years and had been there two or three years. When the earth was deposited against the gate he was in the employment of the Company, but was not now in the Company's employ.

SACRE said if the house was not fit for human habitation, the Board would have to take it in and would have him removed against the Iron Company.

COMPLAINT FROM HEMSTEDS AGAIN ROAD.

Mr. Heymer wrote a long letter to the Board complaining that ashes and offensive matter was allowed to accumulate in the road leading to Hemsted's Edge at improper hours.

Mr. Inspector was instructed to give the matter consideration.

SACRE DRAWING KERRET.

Mr. Heymway Company had visited the above place and had been told by the Company to the con-

tion that the kerb 'might be lowered 3in, which accordingly been done.

NUMBER ONE CROSS STREET.

The Highway Committee had also visited this spot, but they could not recommend any change in plan. They thought, however, that the prozessor ought to widen a portion of the back yard of Thomas Tancrid's property, to enable a horse to pass. The recommendation was adopted.

There was no other business, and the Board adjourned.

and all morbid conditions of the system arising from whatever cause. The action of the *Vital Restorative* is two-fold: on the one hand increasing the principle which constitutes nervous energy, and on the other the most powerful and flesh generating agent known; therefore, a marvelous medicine for renovating impaired and broken-down constitutions. It quickly improves the function of assimilating to such a degree that, where for years an emaciated, an anæmic and a cadaverous and semi-vital condition has existed, the

The *Vital Restorative* acts electrically upon the organization; for instance, it assists nature to generate that electricity which renews and rebuilds the osseous, muscular, nervous, membranous and organic systems. It operates the system without exciting care or thought upon individual as to the process. It moves the lungs, liver, kidneys, stomach and intestines, with a harmony, vigor

This *Vital Restorative* gives back to the human structure in a suitable form, the phosphoric or animating element which has been wasted, and exerts an important influence directly on the spinal marrow and nervous system, nutritive tonic, and invigorating character, maintaining buoyant energy of the brain and muscular system, renders the mind cheerful, brilliant and energetic, exonerates that dull, inactive and sluggish disposition.

The beneficial effects of the *Restorative* are frequently shown from the first day of its administration, by a remarkable increase of nervous power, with a feeling of vigorous comfort to which the patient has long been unaccustomed. Digestion is improved; the appetite increases wonderfully; the bowels become regular; the eyes brighter; the skin clear and healthy; and the hair acquires strength, showing immediately the action of the *Restorative* on the organs.

Finally, the *Vital Restorator* maintains a certain degree of activity in the previously debilitated nervous system; enables all debilitated organs to return to their sound state and perform their natural functions. Persons suffering from Nervous Debility, or any of the hundred symptoms which this distressing disease assumes, may rest assured of an efficient and even speedy cure by the judicious use of this

valuable remedy.
This medicine is extensively used in the Army, and
in very general use in Hospitals and Public San-
stitutions throughout the land, as well as in private practice,
