 MAGNETO ELECTRICAL MACHINES  
 SPECTACLES TO SUIT ALL SIGHTS.

1864

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The right edge of the page is bound into a dark, textured cover, which appears to be made of leather or a similar material. The overall lighting is soft, highlighting the texture of the paper and the binding.

A TIMELY GIFT.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf from an old book. The paper has a slightly textured appearance with some minor discoloration and small dark spots, possibly due to age or handling. The page is framed by dark borders on the left and right sides, which appear to be the edges of the book's binding or the scanner's frame. There is no text or other markings on the page.

**CHILDREN—FOR THE TEETH AND BRUSHING**—A new kind of liquid "Fluoride" sprinkled on a tooth-brush produces a pleasant lather which cleanses the teeth from all parasites or decay, hardens the gums, prevents caries, stops the formation of the teeth, and gives them a delightful fragrance to the breath. It removes all odors arising from decayed teeth or from food eaten. It is the best thing being composed of flowers and herbs, it is being commended by all chemists and dentists as a safe and the greatest toilet discovery of the age.
