

This image shows a vertical strip of a document page. The right side features a dark, textured binding material, likely leather or cloth, with visible wear and creases. The left side is a lighter, off-white or light gray area, which appears to be the paper of the page. There are some dark, irregular marks and stains along the boundary between the binding and the paper, suggesting age or damage. The overall appearance is that of a close-up of a book's edge or a narrow section of a document.
